

WE FOCUS OUR ENERGY ON SAVING YOURS

WHAT WE DO FOR SCHOOLS

E3 is the preferred design-build contractor in Texas, providing holistic facility solutions that reduce energy usage, create safe and comfortable environments, and improve operational

efficiency. Offering comprehensive solutions for facilities, our design and installation expertise is in HVAC system replacements, indoor air quality, LED lighting upgrades, building automation

systems, energy auditing, water conservation, building envelopes, roofing, retro-commissioning, and performance management services that ensure ongoing efficient operation

of safe and comfortable facilities. E3 has completed over 375 projects, consulted with over 400 clients, and upgraded over 75 million square feet of facilities.

E3 KNOWS

- HVAC systems
- LED lighting designs & retrofit
- Building control systems
- Energy analysis
- Water conservation
- Retro-commissioning
- Central plants
- Performance management
- Building envelope & roofing

Completed over 375 projects

Replaced 4,900 HVAC units & installed 15,900 air purification systems

Installed over 1,725,000 LED lamps

Over 75,000,000 square feet upgraded

Over \$560 million in installation contracts

Installed over 1,150,000 square feet of roofing

More than 210 subcontractor relationships

Performed energy analyses in more than 375 school districts

Over \$150 million in energy saved

"You'll never hear us say, 'It's not our problem.'"

Don Meek,
E3 Director of Special Projects
